

LIGHTHOUSE CIRCLE

Team4Tech's Lighthouse Circle is composed of generous donors who commit to \$15,000 or more for 3-5 years to accelerate quality education in the world's most under-resourced communities.

GIVE THE GIFT OF EDUCATION

The Covid-19 pandemic exacerbated the digital equity gap and led to a 10x increase in demand for our services from education nonprofits operating in low-resource contexts worldwide. In response, Team4Tech is scaling the number of strategic nonprofit partners in our portfolio from 30 to 50 by facilitating capacity-building projects powered by employee volunteers from leading technology companies, and delivering technology grants of up to \$15,000 annually that are matched by the nonprofit to ensure sustainability.

We are also delivering online and localized educational resources, technology, tools, workshops, and connections through our digital Community of Practice and regional hubs in Africa, Asia, Latin America & the Caribbean, and the USA & Canada.

CREATE OPPORTUNITY

As a Lighthouse Circle donor, you can choose to give either:

- An unrestricted gift to accelerate Team4Tech's global scale; or
- A restricted gift as a technology grant for a strategic nonprofit partner of your choice*, which is matched by the nonprofit.

The Hopper-Dean Foundation is matching all gifts received from August 2023 - December 2025 up to \$750,000, thus doubling your impact.

LIGHTHOUSE CIRCLE OFFERINGS

- An annual in-person event hosted at the home of a fellow Lighthouse Circle donor
- One table for 10 for the annual impact celebration (event costs are covered by corporate sponsors)
- As needed 1:1 meeting with Team4Tech's Co-Founder & Executive Director
- Quarterly updates on nonprofit partner progress and impact
- Invitations to virtual storytelling events
- Connections to a community of leaders and investors in bridging the digital equity gap

*selection is based on availability

JOIN US

Reach out to Pragati Grover, Community Relationships Director, at pragati@team4tech.org

Team4Tech is a nonprofit impact accelerator, bridging the digital equity gap in education to create opportunities for under-resourced learners around the world (UN SDG 4.4).

Gifts to Team4Tech are tax-deductible as permitted by law.
