

# Lighthouse Circle

Generous donors who commit to \$5,000 - \$15,000 or more for 3-5 years to help Team4Tech accelerate quality education in the world's most under-resourced communities.

## Give the gift of education

Forecasts show that by 2030, nearly 1 billion youth will not have the skills they need to access high-quality jobs in the global economy. As an NGO impact accelerator, Team4Tech bridges the digital equity gap in education by co-designing solutions with community-based NGOs working in under-resourced communities globally. Team4Tech provides them up to \$15,000 in annual technology grants matched by the NGO's fundraising, opportunities to engage with skilled volunteers, and free tools and resources to help accelerate their goals in advancing educator and learner growth, learner engagement, and organizational sustainability and scale.

### Impact Example

Barefoot College International (BCI) partners with Team4Tech to bring equal opportunity to women in India by leveraging technology to drive learning outcomes and digital participation. In 2023, Team4Tech facilitated a program with skilled volunteers from Cadence to integrate technology into BCI's curriculum and equip educators with AI tools—initiatives impacting over 5,000 students in under-resourced communities.

### LIGHTHOUSE CIRCLE OFFERINGS:

- One table for 10 for the annual impact celebration (event costs are covered by corporate sponsors)
- Annual 1:1 meeting with Team4Tech's Executive Director
- Quarterly updates on nonprofit partner progress and impact
- Invitations to virtual storytelling events
- Connections to a community of leaders and investors in bridging the digital equity gap

### CHOOSE TO GIVE:

- an unrestricted gift to accelerate Team4Tech's global scale
- a restricted gift as a technology grant for a strategic nonprofit partner of your choice\*, matched by the nonprofit.

The Hopper-Dean Foundation will match all gifts received in calendar years 2024 and 2025 at a 1:1 ratio. If your company matches your gift, you can triple your impact!

Gifts to Team4Tech are tax-deductible as permitted by law.

\*selection is based on availability
